## Print Bleed Guide

Remove the template layer before uploading your artwork.

### ● **Bleed Line**

Extend background color or artwork to this line to avoid any white edges from the trimming process.

### ● **Cut Line**

This is where we aim to trim the product. The actual line can vary due to the trimming process.

### ● **Safe Line**

Keep text and important imagery within this line to ensure it does not get cut off during trimming.

**Final Cut Size: 140 x 70**  
**Artwork with Bleed: 146 x 76**
